- Hiking on the mythical GR10

Who wouldn't be tempted to traverse the entire Pyrenean mountain range on foot. The mythic GR10 starts at the Atlantic Ocean and crosses over more than 258 miles of dazzling mountains to arrive at the Mediterranean coast. You amble through stunning scenery that varies enormously, from flower filled meadows, sparkling lakes, cirques and high summits. You'll get a taste of many different cultures, from the Basque country through to Catalonia. Each valley you pass through has its own distinct flavour. It is a great way to explore local life and to absorb the differences, the Pyrenees is a unique blend of many different people. The first section, from Hendaye to Saint Jean Pied de Port, covers a variety of landscapes typical of the Pays Basque region, set in the heart of the Atlantic Pyrenees. The scenery has a charm and regional originality that you won't find elsewhere. Rolling hills, magical villages, such as Sare, Ainhoa and Dancharia that are steeped in Basque tradition, and a rich Pyrenean flora and fauna are all waiting to be discovered. At the end of the walk you will reach the villages of Bidarray and Saint Etienne de Baigorry with the sumptuous Iparla mountain ridge in the background.

•PROGRAM

Day 1 : Start of holiday in Hendaye

Depending on your arrival time, after checking into your accommodation, you may choose to walk in the region of Domaine d'Abbadia. A fantastic natural site of 65 hectares situated right on the coast. You will find a great mix of landscapes, moors, prairies, heather and high cliffs. You can also visit the famous neogothic castle, the Domaine d'Abbadie.

- **Distance : 5.5km, duration : 2h00, altitude gain : +80m, descent : -80m**

Day 2 : from Hendaye to Ibardin

Hendaye lies on the estuary of the River Bidassoa, which forms the border with Spain. The GR10 walking route begins its course on Hendaye Plage. Rising rapidly above the Atlantic, this first stage of the walk is pleasant. The landscape, scattered with villages, is peaceful and harmonious with the rolling hillsides. The ambience is very basque but there is no sign yet of the high dramatic mountains to come.

- **Distance : 15km, duration : around 5h30, altitude gain : +850m, descent : -450m**

Day 3 : from Ibardin to Sare

During this stage, the path will pass by the massif of La Rhune (Iarrun: place of pasture, in Basque), considered as the first Pyrenean summit of the chain and which, from the top of its 905m, remains the sacred mountain of the Basques and a place full of history. Then you will reach the pretty village of Sare and its typically Basque architecture which has managed to integrate the originality of the surrounding environment.

- **Distance : 16,5km, duration : around 6h, altitude gain : +700m, descent : -1000m**

Day 4 : from Sare to the Col des Veaux

During this stage, you will cross at first the pleasant and preserved Basque countryside before arriving at Ainhua, magnificent village-bastide of the XIIIth century. Then, crossing small summits and passes, the route goes around the Ereby (583m), further on the Atxulegi (617m), and soon appears the Zuccuta pass, a superb belvedere. From there, depending on the weather conditions, you can reach the Col des Veaux by the trail or, if the weather is good, by staying on the ridge, off the GR10, continue to Gorospil Peak (691m), and enjoy the panorama of the Basque mountains.

- **Distance : 22km, duration : around 7h, altitude gain : +800m, descent : -300m**

Day 5 : from the Col des Vaux to Bidarray

The GR10 continues to alternate between the Pyrenean summits and mountain villages that have a strong Basque identity. The trail heads in the direction of the Col de Méhatché situated at an altitude of 716m. You pass into a rocky landscape that is home to the griffin vultures that circle high above, before the descent to Bidarray village. As the stage is short, you can make a return trip to the top of Artzamendi and enjoy a wide panorama: from the ocean to the first high peaks of the Pyrenees.

- **Distance : 11,5km, duration : around 4h, altitude gain : +350m, descent : -750m**
- **Distance : 14km, duration : around 5h, altitude gain : +550m, descent : -950m (via Artzamendi)**

Day 6 : from Bidarray to the Saint Etienne de Baïgorry

This sporty stage is one of the most beautiful hiking routes in the Basque Country. From the charming village of Bidarray, you will start the ascent towards the Iparla ridges. From the bottom of the valley, they look like a long, impassable wall. From the top, you will enjoy an immense panorama... Then you will descend towards Saint Etienne de Baïgorry, a magnificent village in the Basque Country, with many typical Basque architecture buildings.

- **Distance : 18,5km, duration : around 7h30, altitude gain : +1250m, descent : -1250m**

Day 7 : from Saint Etienne de Baigorrry to Saint Jean Pied de Port

A stage in the heart of the Basque Country. The track rises above St Etienne de Baigorrry to reach the Oylarandoy and Munhoa massif, culminating at 1021m and overlooking St Jean Pied de Port, which you will reach after a long descent. Surrounded by pink sandstone ramparts, the medieval town of Saint-Jean-Pied-de-Port is attractive with its cobbled streets lined with old houses, its old bridge over the Nive river, its picturesque facades on the water's edge, its sentry walk and its imposing citadel reworked by Vauban.

- **Distance : 19,5km, duration : around 7h, altitude gain : +950m, descent : -950m**

This programme is an example of the itinerary we aim to adhere to. It may be necessary, if situations arise that are beyond our control, for the itinerary to be modified.

•WHAT TO BRING AND PACK

Your main luggage (if package includes luggage transport between accommodations) :

Your luggage must be dropped off at the reception desk of your accommodation by 9 a.m. at the latest. It will be delivered to your next accommodation before 5 p.m. Only one piece of luggage per person will be transported. The transport company may charge you a supplement at the end of the hike if your luggage is too heavy or too numerous.

Your day backpack

The size of your bag varies upon the type of activity.

For a walk without portage : 30L minimum

For a walk with partial portage : 50L minimum

For a walk with portage : 60L minimum

Whatever activity you participate in, you should always carry in your rucksack:

- Rainwear, warm clothing, spare T-shirt, sunglasses, sun cream, first aid kit, picnic kit, personal items, etc.)
- Picnic lunch of the day (bring a plastic box)
- Sufficient water (minimum 1.5 litre water bottle)

Walking Boots

The type of boot depends upon the activities you take part in however they are one of your most important items. They should be comfortable, waterproof and breathable. For the best protection we advise ankle boots.

We recommend our young walkers to wear flexible walking boots with a good sole and back.

For mountain walking for more than 4 hours long we recommend a boot with a fairly ridged sole.

If you need to buy a new pair of boots, we advise you wear them in before the start of your holiday. Don't wear boots that are too small because feet have a tendency to swell up. Be careful with your shoes that have been left in the wardrobe for too long. The lifespan of a shoe is 2 to 5 years. After a while the soles will come off and the seams can tear.
