If you're leaving your car for the duration of your stay, please check with the tourist office to find out if there are any events (festivals, markets, etc.) taking place in your parking area.

We recommend to arrive by train to avoid returns to departure to recover your car, because itineraries can be very long and badly served and very expensive if you take a taxi. If you insist to come with your car, we recommend you to leave

your car on the arrival point the first day and to do the run to the departure point because the first day you have plenty of time to do the run and you will not be tired by a week walking...

•WHAT TO BRING AND PACK

Your main luggage (if package includes luggage transport between accommodations) :

For logistical reasons, we ask you not to bring more than one item/person. Its weight should not exceed 12kg - 15kg.

Your day backpack

The size of your bag varies upon the type of activity.

For a walk without portage : 30L minimum

For a walk with partial portage : 50L minimum

For a walk with portage : 60L minimum

Whatever activity you participate in, you should always carry in your rucksack:

- Rainwear, warm clothing, spare T-shirt, sunglasses, sun cream, first aid kit, picnic kit, personal items, etc.)
- Picnic lunch of the day (bring a plastic box)
- Sufficient water (minimum 1.5 litre water bottle)

Walking Boots

The type of boot depends upon the activities you take part in however they are one of your most important items. They should be comfortable, waterproof and breathable. For the best protection we advise ankle boots.

We recommend our young walkers to wear flexible walking boots with a good sole and back.

For mountain walking for more than 4 hours long we recommend a boot with a fairly ridged sole.

If you need to buy a new pair of boots, we advise you wear them in before the start of your holiday. Don't wear boots that are too small because feet have a tendency to swell up. Be careful with your shoes that have been left in the wardrobe for too long. The lifespan of a shoe is 2 to 5 years. After a while the soles will come off and the seams can tear.

Clothes:

- A wind and rainproof jacket
- A thick jumper or a fleece
- Comfortable walking trousers
- Shorts, t shirts as well as breathable base layers
- Spare clothes
- Swimwear and towel
- For the start and end of season, hat and gloves suitable for GR10 walks at altitude.

For Sleeping

- Sleeping bag liner for all nights spent in the gites and mountain shelters (blankets are provided)
- Earplugs

For Picnics

- Sealed plastic box (0.5L) to carry salads
- Cutlery (folding knife and fork)
