• PROGRAM

Day 1 : Start of Your Stay in Bayonne

Meeting at 6 :00 PM in Itxassou (or 5 :25 PM at Bayonne train station). Check-in at your accommodation, a *** hotel with swimming pool, for the entire week. Welcome drink and briefing on the itinerary.

Day 2 : Typical villages of the Basque Country

Through the villages of Ainhoa (classified as one of “The Most Beautiful Villages of France”) and Espelette, world-famous for its peppers adorning the village houses: you couldn’t ask for a more beautiful introduction to the « Basque World », its culture, gastronomy, and lush landscapes.

Note : When the group has fewer than 9 people, the hike is done as a loop. For larger groups, the hike may be point-to-point between Ainhoa and Espelette.

• Distance : 12km, duration : 5h, ascent : +490m, descent : -530m, Transfer : 20min

Day 3 : Crossing into Spain via the stunning coastal trail

Today, we head towards Spain. Facing the Bay of Txingudi, which separates Hendaye from the Spanish port of Hondarribia, we reach Cabo Higuer, the westernmost point of the Pyrenees! From there, the route—sometimes overlooking cliffs, sometimes through a lush valley—offers a perfect snapshot of the Basque Country : a blend of ocean and mountains! Stop at the beach in Hondarribia at the end of the hike !!

• Distance : 12km, duration : 5h, ascent : +390m, descent : -580m, Transfer : 1h

Day 4: Ascent of “Larrun,” iconic peak of the Basque Country

La Rhune (or Larrun in Basque), standing at 900 m, overlooks the Basque coast and the mountains of both the French and Spanish Basque Country. The exceptional panorama is well worth the effort. It is also a mountain that the Basques have preserved and maintained, notably through livestock farming. Cherry on top : a route away from the crowds allows us to fully enjoy the beauty of this massif.

Note : It is possible to skip the hike and take the small train for those who do not wish to climb. Reservations should be made at the very beginning of the stay !

• Distance : 11km, duration : 5h30, ascent : +680m, descent: -820m, Transfer : 30min

Day 5: The GR10 and the Peñas de Itsusi

The Basque Country is inseparable from the GR10, which begins on Hendaye Beach. Around Itxassou, the trail follows the so-called “border ridge,” marking the boundary between France and Spain. It then approaches the Peñas de Itsusi, a favored refuge for vultures, which we will have plenty of time to observe.

Finally, we will not miss the opportunity to have lunch at the farm with Marie-Pierre—a typical Basque shepherd’s meal that will warm our hearts !

• Distance : 16km, duration : 5h30, ascent : +580m, descent: -580m, Transfer : 20 min

Day 6 : In Xareta, following the footsteps of smugglers... and witches !

Not far from Sare and the border with Navarre, we enter the magnificent border beech forest. People have long “worked by night” here !

This territory also witnessed a tragic chapter in history: a witch hunt ordered by King Henry IV, with the Zugarramurdi cave—which you will visit today—being a highly symbolic site.

• Distance : 9km, duration : 5h, ascent : +360m, descent : -360m, Transfer : 30 min

Historical Note

At the beginning of the 17th century, the Basque Country was the scene of an intense witch hunt, notably marked by the intervention of Pierre de Lancre, a judge sent by the king. Between 1609 and 1610, he carried out a brutal repression against alleged witches, accused of holding sabbaths, making pacts with the devil, and practicing pagan rituals. Dozens of people, mostly women, were arrested, tortured, and executed. This dark period reflects the fear and religious intolerance of the time, exacerbated by the Inquisition.
