- Discover the main sites and castles of the Cathar country
- Hiking through two very distinct areas, between Aude and Ariège
- Discovering Carcassonne and Foix
- Crossing the stunning Galamus and St Jaumes

Between the Mediterranean Sea and the Ariège region, in the heart of the Pyrenean Piedmont, impressive stone citadels are standing : the Cathar Castles. Those fortresses remain the living memory of a tragical history that marked the South-West of France during the crusade against the Albigenses.

Starting from Carcassonne and its famous medieval old town, you will go and discover the most famous sites and castles of the Cathar History. Firstly in the Aude region, you will have the opportunity to visit the Quéribus eyrie, the incredible fortress of Peyrepertuse, Puilaurens the archetypal bastion and finally Puivert, the home of troubadours. In Ariège, you will explore Montségur castle, the highest of the Cathar Castles, standing on its rock at 1207m of altitude. Then, before reaching Foix and its castle, you will visit the closest neighbour to Montségur, Roquefixade, perched on the top of an impressive cliff. Beyond the discovery of a territory and its rich and overwhelming history, this Cathar Country is full of stunning and varied landscapes, influenced by the Mediterranean and Mountain Climates that are merging here, but also by the Nature that dig gorges in limestone, carved rocky spurs and has always allowed mankind to use those natural resources.

•PROGRAM

Day 1 : Beginning of the holiday in Carcassonne

Beginning of your holiday in Carcassonne, check-in at your accommodation.

Day 2 : From Carcassonne to Quéribus Castle

In the morning, you will discover the famous medieval town of Carcassonne. Later in the morning, transfer to the Quéribus Castle, « The Vertiginous Citadel ». Like an eyrie built on a rocky outcrop, this was the last stronghold of the Cathar resistance during the crusade against the Albigenses in 1255. Perched at 788m of altitude on the donjon's High Terrace, astonishing landscapes will meet your eyes, from the Canigou summit to the Roussillon and Corbières plains. By a short hike through the Corbières vineyards, the fragrant scrubland and the very beautiful village of Cucugnan, you will then reach Duilhac sous Peyrepertuse.

- Distance : 10km, duration : around 3h, ascent : +200m, descent : -450m.

Day 3 : From Duilhac sous Peyrepertuse to Cubières sur Cinoble

Picturesque itinerary with the visit of the Peyrepertuse fortress: the Castle is standing at 800m of altitude on a limestone ridge. This is one of the most beautiful examples of Cathar fortresses, which is also part of the old line of defense of the « five Carcassonne sons ». You will then cross the Galamus Gorges, an impressive canyon and outstanding natural setting. The Agly river, « eagles' river », dig the rock from waterfall to waterfall, and a road built in 1884 now hangs on the cliff. During the hike, you will also have a stop to visit the Galamus Hermitage: this is a humble house and a sanctuary set in a cave, surrounded by box trees and evergreen oaks – an exceptional natural site.

- Distance : 16km, duration : around 5h30, altitude gain : +700m, descent : -700m.
- Distance : 19km, duration : around 6h30, altitude gain : +850m, descent : -750m (with round trip to Peyrepertuse castle).

Day 4 : From Caudies de Fenouillèdes to Puilaurens Castle

In the morning, transfer from Cubières to Caudies de Fenouillèdes. You will then hike towards the superb Puilaurens castle, perched on a rocky spur at 697m of altitude, in the heart of a coniferous forest. Before reaching it, you will walk through the St Jaumes and Aigues Bonnes gorges. From the bottom of the gorge, the path carved in the rock leads to the Saint Pierre and Castel Sabarda castles. Transfer to your accommodation in Quillan at the end of the day.

- Distance : 14,5km, duration : around 5h, ascent : +650m ; descent : -550m

Day 5 : From Quillan to Puivert

Starting from Quillan, you will discover the transition from the Mediterranean influence to the Pyrenean influence. From small valleys to hills, the impressive Puivert fortress will appear to you – a 12th century feudal castle and a former meeting place for the most famous troubadours. The village of Puivert is also very interesting, with its remnants from the past and its Quercorb Museum that thoroughly reports and evokes the life in the Quercorb region at the end of the last century.

- Distance : 20km, duration : around 6h30, ascent : +750m, descent : -550m.

Day 6 : From Montségur to Foix

In the morning, transfer from Puivert to Montségur. A 1-hour visit of the Montségur castle that symbolizes the resistance of the Cathar Church against the Church of Rome, but also against the King of France and the overlords of the North searching for the rich lands of the South : they took possession of the place after the surrender and stake in 1244. After the visit of the castle, transfer from Montségur to Roquefixade and hike until Foix through a beautiful panoramic itinerary.

- Distance : 17km, duration : around 6h, ascent : +550m, descent : -900m.

Day 7 : Visit of Foix and its castle, end of the holiday

Your trip ends in Foix. Possibility to visit the old town center and its narrow streets filled with History, and the castle perched on its rock. Its has been greatly revamped after a 2-year-long work!

This program is an example of the itinerary we aim to adhere to. It may be necessary, if situations arise that are beyond our control, for the itinerary to be modified.

• WHAT TO BRING AND PACK

Your main luggage (if package includes luggage transport between accommodations) :

For logistical reasons, we ask you not to bring more than one item/person. Its weight should not exceed 12kg - 15kg.

Your day backpack

The size of your bag varies upon the type of activity.

For a walk without portage : 30L minimum

For a walk with partial portage : 50L minimum

For a walk with portage : 60L minimum

Whatever activity you participate in, you should always carry in your rucksack:

- Rainwear, warm clothing, spare T-shirt, sunglasses, sun cream, first aid kit, picnic kit, personal items, etc.
- Picnic lunch of the day (bring a plastic box)
- Sufficient water (minimum 1.5 litre water bottle)

Walking Boots

The type of boot depends upon the activities you take part in, however they are one of your most important items. They should be comfortable, waterproof and breathable. For the best protection we advise ankle boots.

We recommend our young walkers to wear flexible walking boots with a good sole and back.

For mountain walking for more than 4 hours long we recommend a boot with a fairly ridged sole.

If you need to buy a new pair of boots, we advise you wear them in before the start of your holiday. Don't wear boots that are too small because feet have a tendency to swell up. Be careful with your shoes that have been left in the wardrobe for too long. The lifespan of a shoe is 2 to 5 years. After a while the soles will come off and the seams can tear.

- A wind and rainproof jacket
- A thick jumper or a fleece
