A COMPLETE TREK, 100% COMFORT IN ROOMS

This Great Crossing of the Basque Country, which will take you from the mountains to the Atlantic Ocean, partly follows the famous GR10 route, the great Crossing of the Pyrenees (866 km from the Atlantic to the Mediterranean). It will allow you to discover the dual facets of the Basque Country: a wild yet inhabited land, a territory of cultures and traditions shared between two countries, the green of the mountains and the blue of the Ocean.

This hike offers a sporty approach to everything that makes the Basque Country unique, and as always, our team will be dedicated to helping you discover it like no one else, thanks to our local presence, our knowledge of the terrain, and long-standing relationships with our partners. Yes, we designed this crossing as the culmination of our work and our love for the Basque Country!

After a first comfortable night in our accommodation, [Maison IPUTXAINIA in Saint Jean Pied de Port](#), we will reach the first Basque hills for beautiful viewpoints.

Then, let's start our leapfrog game with the border, which will be our guiding thread throughout the week! Along our stages, between panoramic ridges watched over by vultures seeming to observe us, typical villages, modest summits that still "earn" their reward, forests full of legends... the thread of the Basque Country will unfold before you, until it offers its final surge before the vast blue of the Ocean swallows it... giving you one last restorative swim as a farewell... or rather, a see you again!!!

•PROGRAM

Day 1: Start of stay in Hendaye (or St Jean Pied de Port)

Meeting at 5:30 PM in front of Hendaye train station.

ECO-FRIENDLY TIP: Why not reach St Jean Pied de Port by train? It's less convenient, but more ecological! To do so, you will need to take the Bayonne-St Jean Pied de Port train line. Feel free to contact us for more information!

Check-in at your accommodation in Saint Jean Pied de Port, our guesthouse, where you can enjoy the pool and jacuzzi to recover from your journey and best prepare for the hike. Welcome drink and briefing on the stay.

Day 2: From Lasse to St Etienne de Baigorri

A warm-up hike that, by ascending Munhoa (1021m), offers us a wide panorama with breathtaking views of the surrounding valleys and, in the distance, the high Pyrenean peaks peeking through. A truly beautiful discovery of the Basque mountains awaits you, before reaching the charming village of St Etienne de Baigorri through part of the Irouléguy vineyard.

- Distance: 16 km, duration: approximately 7h00, ascent: +800m, descent: -1090m. Transfer 15 min

Day 3: From Saint Etienne de Baigorri to Bidarray

Today's stage, 100% on the GR 10, will take you to Bidarray, a very charming village perched above the Nive valley, through the pink sandstone cliffs of the Iparla ridge with its summit at 1044m. A panoramic hike offering magnificent views of both France and Spain!

- Distance: 16 km, duration: approximately 7h, ascent: +1000m, descent : -1190m. Transfer 10 min.

Day 4: From Bidarray to the “Xareta” territory, where the word “border” does not exist

Stage among small summits and villages with a strong Basque identity. During the ascent to the Col des Veaux, passing by the Peñas de Itsusi, “the naughty rocks,” will allow you to get a closer look at the impressive flight of vultures circling above your head. Then the Gorospil ridge and its breathtaking view of the Rhune, with the Ocean seeming already very close.

- **Distance: 21 km, duration: approximately 7h30, ascent: +950m, descent: -1000m.**

Day 5: From Dancharia to Sare

Crossing the “land of witches,” a territory full of legends and caves... and where the modest but very beautiful Atxuria ridge (759m) stands, offering superb views of the imposing Rhune massif, which will be the focus of the next day’s hike. Then, through forests and pastures, we will cross the wood pigeon hunting areas before reaching Sare.

- **Distance: 17 km, duration: approximately 6h30, ascent: +900m, descent: -600m.**

Day 6: Crossing the Rhune massif

For this penultimate day of the week, the Rhune massif (905m) rises before us, the ultimate barrier of the Pyrenees, seemingly defending the mountains against the Ocean! A magnificent massif with varied landscapes, which we approach from its southeast side, the least frequented. After a well-deserved refreshing drink at the summit, the descent to the Ibardin Pass follows a beautiful ridge path.

- **Distance: 13 km, duration: 6h00, ascent: +1100m, descent: -1100m.**

Day 7: Arrival at the Ocean... final hike and swim!

From the border and through green landscapes, we gradually leave the first foothills of the French Pyrenees to descend to the village of Biriattou. Leaving the Rhune behind, we reach the shores of the Atlantic Ocean and Hendaye, a lively coastal town bordered by the superb Txingudi Bay. One last picnic, a swim... some may be tempted to extend their stay!

- **Distance: 15 km, duration: approximately 5h, ascent: +450m, descent: -850m.**

End of stay around 4:00 PM, in Hendaye.

The programs have been prepared according to the latest information available at the time of writing: unforeseen circumstances are always possible, and situations beyond our control may alter the schedule. On site, our guides are the best judges; they may need to modify the itinerary based on the weather or if the safety of the group requires it.
